*of Excellence in Technical Education*

We at Kuppam Engineering College have a vision to impart quality technical education, to bring out the hidden skills and abilities of the students with proper discipline. We are committed to providing meaningful education, research and training to meet global standards.

We have put together an experienced team of highly qualified, motivated and dedicated staff, supported by excellent infrastructural facilities to make the institution an ideal place of learning.

Our commitment goes beyond achieving current academic standards. We continuously strive to enhance and upgrade them. Finally, it will give us immense pleasure when students graduated from our college are well placed in their careers.

**B.C.NAGARAJ, MBA.,**  
**Founder & Chairman**

# KUPPAM ENGINEERING COLLEGE - Autonomous

## Dr. N.Sunil Raj, M.B.B.S., Vice Chairman

We at Kuppam Engineering College strive to provide high quality technical education with ethics and moral values. We have a team of committed and experienced faculty members to cater the needs of the students and supported by excellent infrastructural facilities. We have CM Skill Excellence Center and labs by Siemens, Dassault Systems and so on to bridge the gap between industries and academics and to enhance industries institute interaction, our aim is to produce young and dynamic engineers who can make their parents and the nation proud.

## N.Sagar Raj, M.Tech., MBA., CEO

Kuppam Engineering College emerged as one of the premier institution and is well known for high standard technical and management studies in our country. We will provide meaningful education, training and research at all levels to match the global standards. Our policy is to mould students by building confidence in them and imbibing qualities like discipline, dedication and determination. The students will be motivated to achieve academic excellence with ethical and social values.

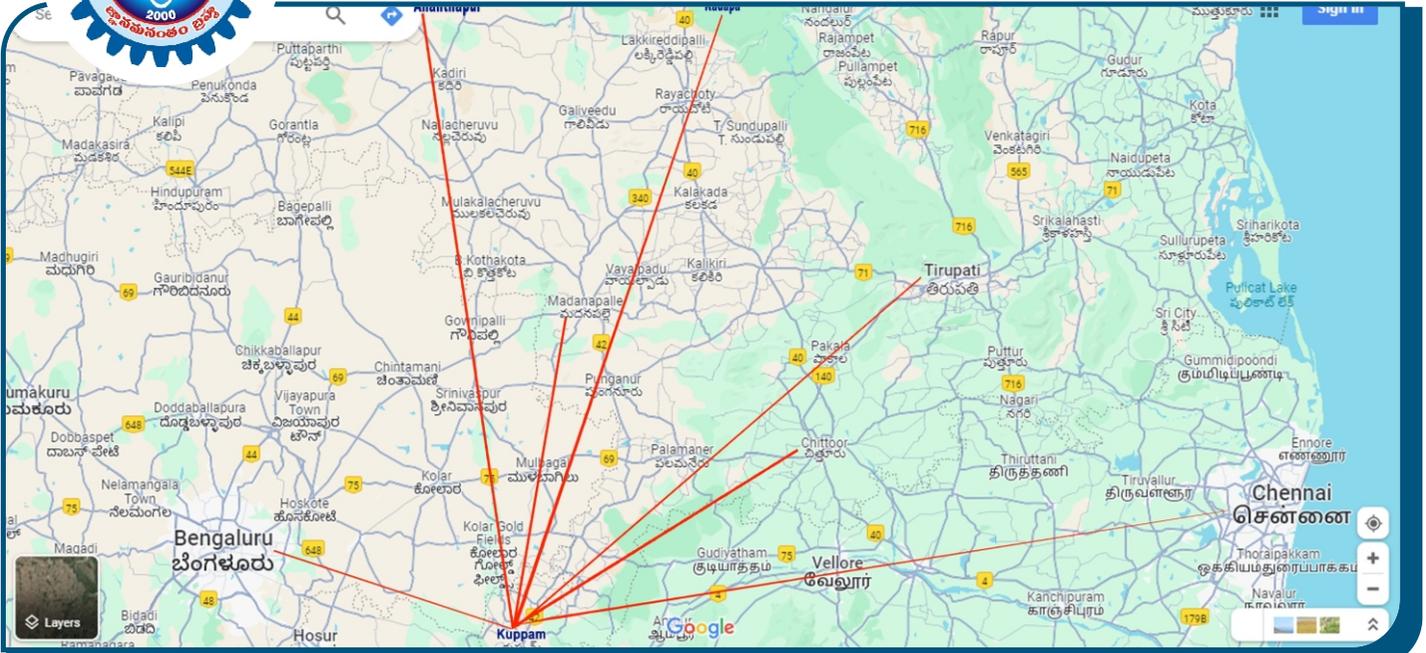

## Dr. S.Sudhakar Babu, M.Tech., Ph.D., Principal

Kuppam Engineering College aims at nurturing graduates, researchers who are critical thinkers creative and have a holistic education experience, innovative methods of teaching, cutting-edge curriculum, workshops and internship further broadening the intellectual and global outlook of our students. Very good infrastructure facilities, dedicated faculty members and experts from industry supervise the student performance and growth.

## Location

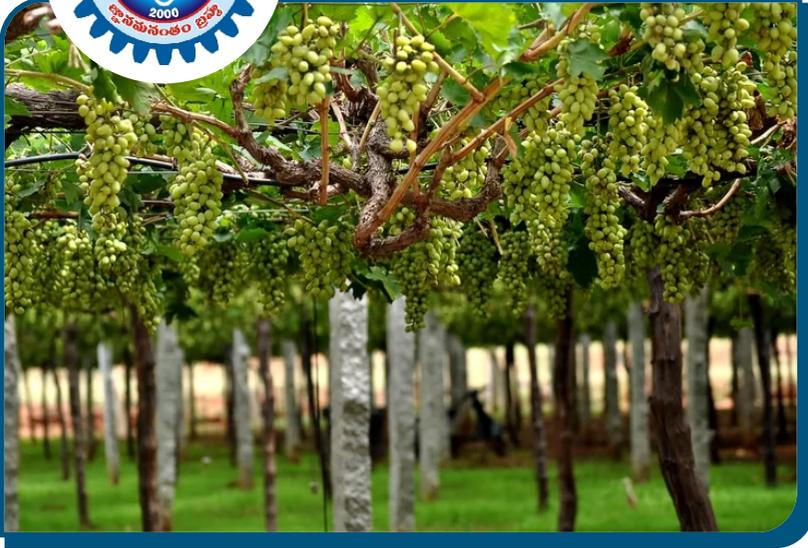

Kuppam Engineering College is set on a beautiful 55-acre campus surrounded by lush greenery, creating a serene and pollution-free environment. It's conveniently located with easy access by road and rail, just 105 km from Bangalore, 200 km from Chennai and 110 km from Chittoor. The climate here is similar to that of Bangalore, making it comfortable for students. The nearest railway station is Kuppam and major airports in Bangalore, Chennai and Tirupati are within reach, ensuring good connectivity for students and visitors alike.

## Well connected by train and road

# KUPPAM ENGINEERING COLLEGE - Autonomous

## Pleasant Climate

Kuppam has pleasant climate throughout the year with moderate summers and moderate winters. The average annual temperature is  $25.3^{\circ}\text{C}$  and the average rainfall is 680mm. The pleasant weather also ensures that the place is green with cultivation and the air is fresh and unpolluted.

## Center of Development

Being close to major cities Bangalore & Chennai and well connected by all forms of transport has ensured that Kuppam is developing at a really fast pace. Lots of industries have setup base in the town and there is a buzzing job market. This ensures that students have plenty of options for industrial visits and internships.

## Happening Town

Increased economic activity in the area, coupled with the fact that Kuppam has become an education focussed town with plenty of colleges has resulted in quality hotels and restaurants cropping up. There are plenty of Cafe's and hang out zones for students to wind down after a long day at the college.

## Campus

Kuppam Engineering College is built over 55 acres of lush green land. To ensure that the ecology of the place is maintained unperturbed, the campus also draws more of its electricity requirements from solar power. The campus is designed with an intent to provide a great learning environment for holistic learning. We believe that space plays a crucial role in the mind and that is the reason why each construction has been designed to provide vast amounts of space for each activity.

## Dr. B.R. Ambedkar Open Air Auditorium

# KUPPAM ENGINEERING COLLEGE - Autonomous

Lots of open spaces around the campus ensures fresh air year round. Solar panels installed across the campus to save the power, to produce renewable energy.

Contemporary construction with lots of ventilation for every room.

## Career Development Cell

The Career Development Cell of Kuppam Engineering College (KEC) has been in the forefront of activities, bringing corporate close to the campus and encouraging them to establish facilities to cater to the needs of the students. It plays a pivotal role in counselling and guiding the students for their successful career, which is a crucial interface between the stages of completion of academic program of the students and their entry into the job market. It aims to provide career guidance and placement opportunities to all students studying in KEC.

Career Development Cell arranges and coordinates various programs that aim at moulding the students so as to meet the industry expectations in their career building and in turn bring laurels to the institution. The department sincerely believes in imparting comprehensive training to the students to face challenges of the dynamic and demanding job market and build a successful career for themselves.

### Objectives of the Career Development Cell

- ❖ Accomplishing training programs on Employability enhancement skills among the students to meet out the corporate expectations.
- ❖ Developing Industry ready students for better career growth of students
- ❖ Developing best learning process using a comprehensive understanding of industry's best practices.
- ❖ Leveraging networking, collaboration and partnership with industry.
- ❖ Regular interaction with the industry through seminars, Guest lectures, Conferences, Corporate meets etc.
- ❖ Building strong alliance with Industry & Institute.

## Research and Development Cell

Research & Development (R&D) Cell at Kuppam Engineering College is to provide an inclusive environment for the promotion and support of research and development activities in newly emerging areas of Engineering, Technology, Science and Humanities including multidisciplinary fields. The staff and students are expected to develop innovative thinking and intellectual curiosity in the incubation centres. The R&D Cell is committed to technology-driven collaborations and linking the academic research with teaching curriculum. This cell is one of the wings of the Institute which facilitates, mentors, channelizes and regulates all the academic, sponsored, collaborative research projects and consultancy works in the Institute. Faculties of various departments have received 4.36 crores funding from agencies like DST, UGC, AICTE, MHRD and IEI. The institute remains committed to long-term research as the foundation for future development.

## Vision

To promote Research activities among faculty and students in the areas of interdisciplinary research and development by providing seed funds for implementing their innovative ideas and product development through incubation and startup centers.
