Year	Date of Submission
2021-22	24/01/2023

#### 15. Multidisciplinary / interdisciplinary

The Institutions is adequately equipped with infrastructure for Multidisciplinary / interdisciplinary focus on curriculum implementation. As per the university curriculum our Kuppam Engineering College is offering 'electives' wide range of multidisciplinary subjects. With the participation of all stakeholders, the Institution shall introduce add on courses in multidisciplinary subjects. The students shall be encouraged to take-up multidisciplinary approach in learning, creative thinking, critical analysis at every stage of the program. Science, Technology, Engineering and Mathematics (STEM) approach in curriculum shall be further strengthened. Efforts shall be sustained to become a 'multidisciplinary institution in the year to come. Teaching-learning shall be further strengthened to promote Multidisciplinary / interdisciplinary education practices. Focus shall be further signified towards imbibing best practices in 'multidisciplinary' approach. Adding experimental learning part and skill-oriented learning part in undergraduate curriculum as employability and entrepreneurship enhancement strategy shall be further intensified. The proposal of offering additional two to three compulsory papers with 'multidisciplinary' content shall be considered for implementation with immediate effect. Progressive efforts shall be made to converting single-stream academic programs to multidisciplinary programs. The students shall be endorsed with selection of subjects of their choice based on their requirement that promised them with employability. Entrepreneurship education and training shall be intensified as a co-curricular activity. There shall be bridge courses and value added courses to support multidisciplinary/interdisciplinary education. The 'Minors' shall be further considered to improve the scope of 'multidisciplinary/interdisciplinary. Flexible curricular structure shall be developed through 'curricular revisions' to enable creative combinations of subjects that lead to 'multidisciplinary'/'interdisciplinary' programs both at UG and PG levels. The students are encouraged to take-up multidisciplinary

'real-world' problems to carry out their project works.

#### **16.Academic bank of credits (ABC):**

An 'Academic Bank of Credit' (ABC) that stores credit gained by the student 'digitally' shall be initiated in consultation with the 'statutory bodies'. The institutions shall make necessary arrangement and amendments in the academic system. There shall be a dedicated system to promote effective management of 'Academic Bank of Credits'. Efforts shall be made to recognize, transfer and redemption of credits gained by the students appropriately. Since the 'ABC' promotes academic credit banking, transfer and redemption within the MEE framework, it is expected to integrate multiple disciplines/programs/courses of higher learning. In the framework of Multiple Entry & Exit in to the programs, ABC shall be made to endorse significant autonomy to the students in providing choices of the courses in the selected program of study and course options across many higher education disciplines and HEIs. Efforts shall be made towards identification of 'Credits' requirement to award certificates, diplomas and degrees. There shall be a system to help the students to track the 'credit' earning progressively. Efforts shall be made to allow the students from commerce stream to take up courses in sciences, wherever applicable, with the help of bridge courses. Since the ABC helps in integrating skills into a choicebased credit system by providing wide-ranging options for choosing courses from several institutions, the institution shall make necessary arrangement to support the same. The Institution shall adhere to the guidelines of University Grants Commission -Establishment and Operation of Academic Bank of Credits in Higher Education Regulations, 2021 in this regard. The Institution shall recognize the following in consultation with the statutory bodies

- Courses undergone by the students through the online modes through National Schemes like SWAYAM, NPTEL, V-Lab etc.
- or of any specified university
- Credits obtained by students by undergoing Skill-courses from Registered Higher Education Institutions offering vocational Degree or Diploma or Post Graduate Diploma or Certificate programmes.

#### **17.Skill development:**

To address the skills mismatch, the Institution shall take up initiatives as envisaged in NEP-2020 towards skill development for the students. The Institution shall strengthen the curriculum with adequate skill development content. Being aware that the two major reason of skill shortage are faculty and facility, the institution shall strengthen both. Wherever deemed, the faculty shall be encouraged to take up initiatives like 'Train the

Trainer' along with STTPs. This facilitate the institution to use the facility potential of the institution to be utilized maximum for skill development. The institution shall tie-up with State and Central government initiatives to promote skill development. Some of the initiatives include, Ministry of Skill Development & Entrepreneurship (MSDE); Pradhan Mantri Kaushal Vikas Yojana (PMKVY); Skill India; SANKALP; National Skill Development Mission; and other state initiatives like APSSDC. The Institution shall offer training, skilling, up-skilling and re-skilling for the students on rolls and neighboring students/unemployed youth. There shall be regular training and skilling activities organized for the benefit of the students. A skill development programs/activities calendar shall be floated to provide the information on skill development activities to the students. Laboratory experiments shall be strengthened to promote skill acquiring by the students. The Institution shall make necessary arrangement to provide skill development for college drop-outs and unemployed youth through short term courses that fetch employment to them. The Institution shall procure training infrastructure for the selected areas to provide skill development for the students. In consultation with the statutory bodies, the institution shall offer certificate/diploma program through skill development infrastructure of the Institution. The institution shall apply for 'fund' to prospective funding agencies to support skill development at the Institution. In collaboration with industry, the institution shall organize skill development program and related activates that benefit the students.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

Encouraging this sort of skill in languages will only ever benefit the student. But, more importantly, it is because India is a land of diverse cultures and languages. The institution offers students an opportunity to learn foreign languages. However, in view of the NEP-2020 envision on teaching-learning in the Indian languages, the institution shall float an environment where students can engage in teaching learning in their mother tongue. Since these efforts shall endorse the students with 'self-esteem', there shall be initiations to teach the part of the course in the local languages. Learning resources shall be developed to support the same. However, the importance of communication in 'English' shall not be discouraged because of the nature of working environment for the engineering graduate demanding the same. The teaching-learning in local language shall be considered as an opportunity to curtail 'dropouts' from early stages of the program duration. Languages like Hindi, Sanskrit and other local languages shall be taught on need basis to promote

'Unity in diversity'. The ability to express the views, ideas, thoughts, opinions, etc., by the student shall be addressed with a mix of English and local languages. There shall be certificate programs offered by the institution on 'local languages'. The novel approach of 'multidisciplinary-multilingual' shall be adopted wherever deemed fit. It is our responsibility to preserve these cultures & languages and learn them as best as we can, and the institution shall put the efforts in this direction. Through the policy envision, it is a way of learning that combines several disciplines and fields of study and provides a broad-based education that solve local and global problems.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

One of the most profound benefits of OBE is the sense of clarity it fosters. Students, along with their parents, can pick an institution, program and course based on clearly spelled out learning objectives. The Course Outcome (CO), Program Outcome (PO), Program Specific Outcome (PSO) and Program Educational Objective (PEO) determine exactly what students are expected to accomplish, post their course or program respectively. This clarity is further reflected in the quality of teaching and delivery, across divisions and departments, where faculty may adjust their focus more appropriately. The next advantage, and perhaps the most obvious one, is flexibility. OBE empowers students to choose what they would like to study and how they would like to study it. Not only does it adapt to a learner's strengths and weaknesses, but it also provides sufficient time to attain proficiency and fluency in the subject matter. Additionally, the model allows the learner to transfer their credits and switch to another institution that is accredited with the OBE syllabus. Institutions are recognized, benchmarked, and can be easily compared with one another based on this accreditation. As you can see, every stakeholder benefits from the OBE framework. National Education Policy-2020 addresses all the above said advantages of OBE. The multiple entry & exit system, establishment of 'Academic bank of Credits', emphasis on learning outcomes, online & digital learning as envisaged in the policy shall promote true OBE in higher education. OBE works well with vocational education streams like engineering and sciences Vis a vie the arts. The latter includes subjects such as literature and philosophy that require a more free-flowing structure. The institution shall further intensify the OBE and shall imbibe best practices on par with the premier institutions in implementation.

#### **20.Distance education/online education:**

Sensing the need for the distance education and online education,

the institution shall float modules that can be offered in distance mode/online mode. Study Webs of Active Learning for Young Aspiring Minds (SWAYAM), Digital Infrastructure for Knowledge Sharing (DIKSHA), will be long-drawnout to provide teachers with a structured, user friendly, rich set of assistive online tools for monitoring the progress of student learning. Learning management systems shall be made mandatory for the entire faculty to promote online education. Required digital infrastructure shall be updated to support digital learning. Appropriate existing elearning platforms will be strengthened and content creation, digital repository, and dissemination shall be encouraged in academic practices. A digital repository of content including the creation of coursework, Learning Games & Simulations, Augmented Reality and Virtual Reality will be developed for the benefit of the students. Uses of Virtual Labs are encouraged. Existing e-learning platforms such as DIKSHA and SWAYAM will also be made available to the students to have equal access to quality practical and handson experiment based learning experiences

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The curriculum is designed & framed by the Board of Studies (BoS) of the affiliating University and approved by the Academic council of the Jawaharlal Nehru Technological University Ananatapur. The calendar of events includes the academic committee meetings, department meetings, parents' meetings, and various events to be conducted at the Institute level, attendance finalization & display of results, conduct of internal assessment, university lab & theory end exam schedules. The heads of the departments ensure the adherence of all the academic activities as per the calendar of events. The department faculty members prepare the class time table and lesson plan as per the JNTUA guidelines. Lesson plan includes lecture hours, topic to be taught and tutorial classes during the semester. All subjects in charges maintain course files which includes copy of syllabus, timetable, list of students, lesson plan, IA Marks Analysis, previous examination question papers, IA question papers with scheme of evaluation and performance details of the students. The gaps in the curriculum are identified as per the industry requirements. Webinars, Seminars, student development programme, and Internships are organized to bridge the gap between industry and academia. Placement training activities are also introduced for the pre-final and final year students.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college adheres to academic calendar provided by Jawaharlal Nehru Technological University (JNTUA) Ananatapur. Based on this academic calendar, the institution prepares the academic calendar / Calendar of Events which includes the dates of commencement, completion of syllabus, schedule of internal exams, Working days, teaching days, internal marks submission, seminars, guest lectures, workshops, industrial visits, holidays, dates of semester end examination etc.

As per the academic calendar and guidelines of the University,

Timetable is prepared by senior faculty and after approval from respective Heads of the department & Principal it will be circulated to all the faculty members and students before commencement of the semester.

Calendar of Events and Timetable both published on website of the college. Internal Assessments are conducted as per the calendar of events. For implementation of Internal Assessment Process, Examination committee is formed at college level which monitor overall internal assessment process. Continuous Internal Assessment review is taken by the Principal regularly. In addition, IQAC conduct internal audit to verify the compliance to academic calendar/ calendar of events with documentary evidence.

**1.3 - Curriculum Enrichment****1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

**The Institute has made all efforts to build healthier working environment & issues related to Gender, Environment and**

**Sustainability, Human values and Professional Ethics into the curriculum.**

**Human Values and Professional Ethics** The University has made mandatory to study the "Constitution of India" to provide basic information about Indian constitution, to identify individual role and ethical responsibility towards society and to understand human rights and its implications.

**Gender Sensitization:** To prevent sexual harassment at workplace and to empower the women employees, the Institute has constituted Women Empowerment Committee and Anti-Sexual Harassment Committee to effectively curtail any unhealthy working condition. Equal opportunities are extended to all in every aspect of teaching and learning in the Institute. Students of both genders holistically participate in various co-curricular activities organized in house & outside the Institute. **Environment and Sustainability** The University has made it compulsory to study "Environmental science" in their regular curriculum to create awareness related to various environmental issues the world is facing. Students are given ample opportunity to learn about the climate change and potential hazards of climate change. Various extension programmes are being organized by the Institute to create awareness among the rural community.

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

**We identify students as slow learners and advanced learners based on the internal & external tests, class attendance and performance in**

the lab and participation in class room activities. The performance evaluation will be done in beginning of every semester and students are classified in to two categories.

**Advanced learners:** The toppers of each class are appointed as Class Representatives and HoD Nominee for the department who are part of students' council and member of various professional bodies. It gives them a chance to develop their communication, leadership & team building skills. This initiative teaches them to strike a perfect balance between academics and extra & co-curricular activities.

Priority will be given to participate in Hackathons, Paper Presentations, and Project Competitions, Summer Projects and Internships. They also help slow learners through peer learning during campus interviews.

**Slow learners:** The institute, give emphasis on improving the performance of slow learners by providing remedial programmes which are conducted out of regular classes. Specifically, for difficult subjects like Mathematics, Engineering Drawing and Engineering, Basic Electrical Engineering.

Academic and personal counseling are given to slow learners by faculty counselors, mentor and counseling cell.

## 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem

solving methodologies are used for enhancing learning experiences

### **Experiential learning**

Students are allowed to conduct experiments independently in practical classes. Mini projects at third year level and major projects at final year level will help in imparting the required technical skills to the students. They are encouraged to do the internships in industries & industrial visits as a part of industry institute interaction. Mini project exhibitions are being organized to showcase their skills.

### **Participative learning**

Students are motivated to participate in Quiz Competitions, Paper Presentation, Technical Seminars and Online Certification Courses to get the participative learning environment. Student development programs and workshops are conducted to enhance the learning capabilities of the students. Classrooms are provided with projector and internet facilities (Videos, NPTEL) to enhance their knowledge.

### **Problem solving methodologies**

Encouragement is given to take part actively in AICTE sponsored Hackathon every year & motivated to participate in National level Project exhibition to enhance the problem- solving ability. Students are motivated to take part in Training and Placement, Entrepreneurship Development and Incubation Centre (IEDC) and assisting in consultancy activities.

Students are involved in assisting research work with Quality Assurance, Research, Innovation, Incubation, Industry Interaction, Development, Entrepreneurship, Education and Social Responsibility.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Today, it is essential for the students to learn and master the latest technologies in order to be corporate ready. As a

consequence, teachers are combining technology with traditional mode of instruction to engage students in long term learning.

The teachers of KEC use online education resources, Social networking sites (WhatsApp), blended learning platforms like google classroom to effectively deliver teaching and provide enhanced learning experience to the students.

The library also provides access to computers and on line journals freely available in public domain and also to journals subscribed. Anti -plagiarism software is used to check authenticity of thesis submitted by UG/PG students. Photocopying facility is also provided.

Online Classes - Faculties are engaged the online classes by using google class room platform during the pandemic situation.

PowerPoint presentations- Faculties are encouraged to use powerpoint presentations in their classroom teaching.

Industry Connect- Along with classrooms, Seminar halls & laboratories are digitally equipped where guest lectures, expert talks and various hands-on sessions are regularly organized.

Video lecture- Recording of video lectures is made available to students for long term learning.

Online competitions- Various technical events and management events such as Poster making, Debates, paper presentations etc. are being organized.

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The institution is affiliated to JNTUA, and hence, follows its rules and guidelines regarding the assessment and evaluation process.

Two internal assessment tests are carried out in a systematic manner for theory courses, laboratory courses, seminars, summer internship and project.

The dates and schedule of internal assessment of laboratory courses, seminars, summer internship and project are displayed through the notices to the students well in advance.

For theory courses, question papers for the are prepared at the department level by referring old university question papers /question bank / book referred in by university.

Quality of question papers are checked and approved by program coordinator / HOD.

Five assignments are given by faculty teaching the subject and it will be evaluated.

Answer scripts are evaluated and signatures obtained from students .

For assessment of seminars, summer internship and project, faculty coordinator prepares a schedule of presentation of students in slots in consultation with the HoD and is communicated to students.

Students present their work or report to the coordinator via PPT mode and evaluated based on the rubrics set. For assessment of laboratory course an internal practical viva conducted by internal & external examiners at the end of course.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

#### College Level:

If a student is not able to appear for examination due to medical or any genuine reason examination is conducted as per norms, provided that he/she submits application with proper documents.

The grievances of the students with reference to assessment are made clear by showing his/her performance in the answer sheet. The answer sheet of such student is assessed by the faculty once again in the presence of the student. Any corrections in the total marks or assessment of answer books as identified by students are immediately done by the faculty members.

Any student who is not satisfied with the assessment and award of marks may approach the concern Program coordinator / HOD who can intervene and address the grievance of the student.

The student performance is displayed on the notice board and the same is informed to the parents.

#### University level:

With reference to evaluation, if the student scores less mark than expected, he/she can apply for reevaluation of his/her answer script after paying the prescribed fee.

University provides the photocopy of answer sheets to students regarding any grievances with reference to evaluation. Student can apply for reevaluation if he/she feels that evaluation is not correct.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Initially attainments of Course Outcomes (COs) are computed using both direct and indirect methods. Attainments of Program Outcomes (POs) and Program Specific Outcomes (PSOs) are done from the attainment of COs through course and program articulation matrices.

Attainment Procedure of COs: It is done using direct method and indirect method. As a part of the direct method, CO attainment is computed using marks obtained by the students in Continuous Internal Examinations (CIE) and Semester End Examinations (SEE). Weightages of 30% and 70% are assigned to CIE and SEE respectively to compute direct CO attainment.

Course end survey is conducted for each course and indirect attainment of COs is computed. Attainment Procedure of POs/PSOs: Attainment of POs/PSOs is done from the attainment of COs. From the attainment of CO and course articulation matrix, direct PO/PSO attainment is done for each course. By using program articulation matrix and PO/PSO attainment of each course, direct PO/PSO attainment for the program is calculated. Indirect attainment of POs/PSOs is done using Program exit survey, Employer survey and Alumni survey. Final attainment of PO/PSO is done by assigning weightages of 80% and 20% to direct and indirect attainments respectively.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

**A good performance management system works towards the improvement**

of the overall organizational performance of teams and individuals for ensuring the achievements of the overall organizational mission and vision.

An effective performance management system plays a crucial role in managing the organization in an efficient manner. Institute is following the appraisal scheme suggested by AICTE viz. Performance Based Appraisal System (PBAS). In this scheme, the performance s are classified into three categories

1. Teaching, Learning and Evaluation related activities
2. Co-Curricular, Extension and Professional Development related activities
3. Research Publications and Academic Contributions

At the end of each academic year, the data pertaining to the above categories are collected from each faculty member in the preforma. Based on the data collected, API scores are calculated. These scores are used for the award of career advancements to faculty members and for promotion to next higher position. Further, during the semester, feedback forms are collected from the students for each of the courses attended by them. The feedback forms in the form of questionnaire collect information about the teacher and different aspects pertaining to the teaching process. Principal & HOD suggests suitable measures to improve the teaching-learning process.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Best practices.

The NSS units along with the volunteers conduct the orientation to the children's junior colleges and schools in Kuppam constituency. The rural background students are enabled good knowledge to take decision on their career and higher education. Also the college conducts one month training program for the students on Govt. vocational junior college, which helps them to gain the hands on experience with the latest equipment.

Developed "VAJRAPAAT -Android APP" for warning of Lightning Strikes by our college with the courtesy of APSCHE ISRO, Srihari Kota. This app proactively alerts people on severe weather occurrences happening within their close proximity. This proactive alerting will help ensure the wellbeing of all such app consumers. The app covers the entire state of Andhra Pradesh. Andhra Pradesh Severe Weather Alert app proactively notifies users of hazardous weather conditions and helps them protect their wellbeing in a timely manner. Andhra Pradesh Severe Weather Alert app also alerts alternate POC of the user so they also are aware of the mobile users location and the weather condition the user is encountering.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Vision of the Institution to produce the graduates with is to high ethical values for the socio-economic development of the rural society of our nation. The institutive moulds and empowers students in the pursuit of knowledge, values and social responsibility and help them achieve excellence in various fields, thereby also preparing them to face global challenges. The institute provides a platform to business Start-ups to develop their ideas into commercially viable products through newgenIEDC.

The College emphasizes the need to mainstream the marginalized and weaker sections of students to ensure justice and equity in society. The Mission is to steer the education it offers not only towards the pragmatic goal of employability, but also to build a life of the mind and sensitize and orient its students to the service of the community. All the departments in KEC have started Student Technical Associations, which are associated with professional bodies. The activity envisaged under this includes skill-oriented programs and activities inclined towards service to the society with social ethical values. Student Clubs: To develop multi-disciplinary skills among students, KEC has established student clubs like App Development Club, sports Club, Robotic Club, Web Application Development Club and coding Club. They strive to inculcate the attitude, orientation and skills essential for developing socially relevant and feasible products.

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The curriculum is designed & framed by the Board of Studies (BoS) of the affiliating University and approved by the Academic council of the Jawaharlal Nehru Technological University Ananatapur. The calendar of events includes the academic committee meetings, department meetings, parents' meetings, and various events to be conducted at the Institute level, attendance finalization & display of results, conduct of internal assessment, university lab & theory end exam schedules. The heads of the departments ensure the adherence of all the academic activities as per the calendar of events. The department faculty members prepare the class time table and lesson plan as per the JNTUA guidelines. Lesson plan includes lecture hours, topic to be taught and tutorial classes during the semester. All subjects in charge maintain course files which includes copy of syllabus, timetable, list of students, lesson plan, IA Marks Analysis, previous examination question papers, IA question papers with scheme of evaluation and performance details of the students. The gaps in the curriculum are identified as per the industry requirements. Webinars, Seminars, student development programme, and Internships are organized to bridge the gap between industry and academia. Placement training activities are also introduced for the pre-final and final year students.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college adheres to academic calendar provided by Jawaharlal Nehru Technological University (JNTUA) Ananatapur. Based on this academic calendar, the institution prepares the academic calendar / Calendar of Events which includes the dates of commencement,

completion of syllabus, schedule of internal exams, Working days, teaching days, internals marks submission, seminars, guest lectures, workshops, industrial visits, holidays, dates of semester end examination etc.

As per the academic calendar and guidelines of the University, Timetable is prepared by senior faculty and after approval from respective Heads of the department & Principal it will be circulated to all the faculty members and students before commencement of the semester.

Calendar of Events and Timetable both published on website of the college. Internal Assessments are conducted as per the calendar of events. For implementation of Internal Assessment Process, Examination committee is formed at college level which monitor overall internal assessment process. Continuous Internal Assessment review is taken by the Principal regularly. In addition, IQAC conduct internal audit to verify the compliance to academic calendar/ calendar of events with documentary evidence.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

We identify students as slow learners and advanced learners based on the internal & external tests, class attendance and performance in the lab and participation in class room activities. The performance evaluation will be done in beginning of every semester and students are classified in to two categories.

**Advanced learners:** The toppers of each class are appointed as Class Representatives and HoD Nominee for the department who are part of students' council and member of various professional bodies. It gives them a chance to develop their communication, leadership & team building skills. This initiative teaches them to strike a perfect balance between academics and extra & co-curricular activities.

Priority will be given to participate in Hackathons, Paper Presentations, and Project Competitions, Summer Projects and Internships. They also help slow learners through peer learning during campus interviews.

**Slow learners:** The institute, give emphasis on improving the performance of slow learners by providing remedial programmes which are conducted out of regular classes. Specifically, for difficult subjects like Mathematics, Engineering Drawing and Engineering, Basic Electrical Engineering.

Academic and personal counseling are given to slow learners by faculty counselors, mentor and counseling cell.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

#### Experiential learning

Students are allowed to conduct experiments independently in practical classes. Mini projects at third year level and major projects at final year level will help in imparting the required technical skills to the students. They are encouraged to do the internships in industries & industrial visits as a part of industry institute interaction. Mini project exhibitions are being organized to showcase their skills.

#### Participative learning

Students are motivated to participate in Quiz Competitions, Paper Presentation, Technical Seminars and Online Certification Courses to get the participative learning environment. Student development programs and workshops are conducted to enhance the learning capabilities of the students. Classrooms are provided with projector and internet facilities (Videos, NPTEL) to enhance their knowledge.

#### Problem solving methodologies

Encouragement is given to take part actively in AICTE sponsored Hackathon every year & motivated to participate in National level

Project exhibition to enhance the problem-solving ability. Students are motivated to take part in Training and Placement, Entrepreneurship Development and Incubation Centre (IEDC) and assisting in consultancy activities.

Students are involved in assisting research work with Quality Assurance, Research, Innovation, Incubation, Industry Interaction, Development, Entrepreneurship, Education and Social Responsibility.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Today, it is essential for the students to learn and master the latest technologies in order to be corporate ready. As a consequence, teachers are combining technology with traditional mode of instruction to engage students in long term learning.

The teachers of KEC use online education resources, Social networking sites (WhatsApp), blended learning platforms like google classroom to effectively deliver teaching and provide enhanced learning experience to the students.

The library also provides access to computers and on line journals freely available in public domain and also to journals subscribed. Anti-plagiarism software is used to check authenticity of thesis submitted by UG/PG students. Photocopying facility is also provided.

Online Classes - Faculties are engaged the online classes by using google class room platform during the pandemic situation.

PowerPoint presentations- Faculties are encouraged to use powerpoint presentations in their classroom teaching.

Industry Connect- Along with classrooms, Seminar halls & laboratories are digitally equipped where guest lectures, expert talks and various hands-on sessions are regularly organized.

**Video lecture- Recording of video lectures is made available to students for long term learning.**

**Online competitions- Various technical events and management events such as Poster making, Debates, paper presentations etc. are being organized.**

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Initially attainments of Course Outcomes (COs) are computed using both direct and indirect methods. Attainments of Program Outcomes (POs) and Program Specific Outcomes (PSOs) are done from the attainment of COs through course and program articulation matrices.

**Attainment Procedure of COs:** It is done using direct method and indirect method. As a part of the direct method, CO attainment is computed using marks obtained by the students in Continuous Internal Examinations (CIE) and Semester End Examinations (SEE). Weightages of 30% and 70% are assigned to CIE and SEE respectively to compute direct CO attainment.

Course end survey is conducted for each course and indirect attainment of COs is computed. **Attainment Procedure of POs/PSOs:** Attainment of POs/PSOs is done from the attainment of COs. From the attainment of CO and course articulation matrix, direct PO/PSO attainment is done for each course. By using program articulation matrix and PO/PSO attainment of each course, direct PO/PSO attainment for the program is calculated. Indirect attainment of POs/PSOs is done using Program exit survey, Employer survey and Alumni survey. Final attainment of PO/PSO is done by assigning weightages of 80% and 20% to direct and indirect attainments respectively.

#### 4.2 - Library as a Learning Resource

##### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The KEC Campus has a spacious Central Library with an area of 71 Sqm. The faculty members and students of the institution utilize the library for continuous learning and to enhance their knowledge. The Library is well equipped with a reading capacity of 200 readers and is also Wi-Fi enabled. Digital Library is spread over 65 Sq.m and has 20 Computer systems. The Central Library has various Text books, Reference Books, eBooks, Journals, Magazines, eJournals, Project Reports, Tutorials and NPTEL Video Lessons related to engineering and Allied subjects. Central Library has a collection of fascinating books which includes Encyclopaedia, Handbooks and Dictionaries, GATE, Competitive exam books and videos that supports the content beyond syllabus. The software called easylib was procured for the

purpose of library automation. It gives the flexibility to the staff and students to search and reserve the books through online. The same software is used for issue return of the books.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

A good performance management system works towards the improvement of the overall organizational performance of teams and individuals for ensuring the achievements of the overall organizational mission and vision.

An effective performance management system plays a crucial role in managing the organization in an efficient manner. Institute is following the appraisal scheme suggested by AICTE viz. Performance Based Appraisal System (PBAS). In this scheme, the performance s are classified into three categories

1. Teaching, Learning and Evaluation related activities
2. Co-Curricular, Extension and Professional Development related activities
3. Research Publications and Academic Contributions

At the end of each academic year, the data pertaining to the above categories are collected from each faculty member in the preforma. Based on the data collected, API scores are calculated. These scores are used for the award of career advancements to faculty members and for promotion to next higher position. Further, during the semester, feedback forms are collected from the students for each of the courses attended by them. The feedback forms in the form of questionnaire collect information about the teacher and different aspects pertaining to the teaching process. Principal & HOD suggests suitable measures to improve the teaching-learning process.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Best practices.

The NSS units along with the volunteers conduct the orientation to the children's junior colleges and schools in Kuppam constituency. The rural background students are enabled good knowledge to take decision on their career and higher education. Also the college conducts one month training program for the students on Govt. vocational junior college, which helps them to gain the hands on experience with the latest equipment.

Developed "VAJRAPAAT -Android APP" for warning of Lightning Strikes by our college with the courtesy of APSCHE ISRO, Srihari Kota. This app proactively alerts people on severe weather occurrences happening within their close proximity. This proactive alerting will help ensure the wellbeing of all such app consumers. The app covers the entire state of Andhra Pradesh. Andhra Pradesh Severe Weather Alert app proactively notifies users of hazardous weather conditions and helps them protect their wellbeing in a timely manner. Andhra Pradesh Severe Weather Alert app also alerts alternate POC of the user so they also are aware of the mobile users location and the weather condition the user is encountering.
